Thursday November 30 - Friday December 1, 2000

Thursday 30 of November

9:00 **Introductions**

Participants will be introduced to each other.

9:10 **General Introduction to MMSD**

Luke Danielson (Director of the MMSD Project) will describe the objectives of the meeting. He will then provide an overview of MMSD including its background, objectives, governance structure and work plan. *Followed by discussion.*

10:00 **Regional Processes**

Frank McShane (Coordinator of Stakeholder Engagement) will describe the objectives and suggested structure of regional processes. Regional partners will be invited to report on progress and structures emerging in their regions.

10:45 *Coffee break*

11:40 **Global Research Agenda**

Caroline Digby (Research Manager) will explain the research and analysis element of MMSD. She will describe some of the priority topics that have been identified at the global level, progress made in engaging key experts and recent developments in specific research activities. *Followed by discussion.*

12:20 **Planning for Outcomes**

Patricio Leyton (Research Fellow) and *Elisabeth Wood (Assistant Project Manager)* will describe the ‘Planning for Outcomes’ element of MMSD including feedback from a meeting of experts in Geneva and an interim paper being prepared on “Planning for Outcomes: A Framework for Consideration of Options”. They will also discuss how planning for short and long term outcomes might best be incorporated into regional processes. *Followed by discussion.*

13:00 *Lunch*

14:00 **Stakeholder Engagement and Public Consultation Process**

Frank MsShane will lead discussion on what is understood by the term “stakeholder” and will describe the process for ensuring the effective engagement of stakeholders in the MMSD project. *Followed by discussion.*

16:00 *Coffee Break*

16:20 **Stakeholder Engagement and Public Consultation Process *continued***

18:00 **Summing up**

Luke Danielson will present the conclusions from the first day.

19:00 *Dinner*
