

**Figure 4.2:** Sketch map of the Limpopo and Olifants basins, showing major tributaries with their sub-catchments, plus the locations and types of all mining operations located within these basins. Details of mining operations in Zimbabwe are shown in **Figures 3.7 to 3.14**. The South African sectors of the Limpopo and Olifants basins are enlarged in **Figure 4.3** for clarity. Data obtained from Anhaeusser & Maske (1986), Wilson & Anhaeusser (1998) and Council for Geoscience (2001).
